January 20, 2025

Dear Parents/Guardians,

We recently installed a new security camera system in our school. These cameras are located inside the school in common areas such as the hallways, the gathering areas and the gym. They are also located outside, facing our school field, parking lots, and front of the school. When you visit the school, you will notice a screen in the office that rotates through various cameras. The cameras will provide our community with another tool to ensure that our school continues to offer a safe and caring environment for all members of our community.

This system aligns with what has become the norm in education and our schools within Red Deer Catholic.

If you have any questions, please contact me at the school.

God Bless,

Mr. Stefan Labrecque
